

Annual Revenue Projections

Combining the 3 critical vertices of ecommerce (Manufacturer, Retailer, and Consumer), BlockCommerce is looking to generate tremendous impact in crypto adoption while simultaneously providing powerful returns to token holders via fiat sales.

BlockCommerce Forecasts
Separated by Each Division

Detailed breakdown of how these forecasts are derived is available on our website at BlockCommerce.io/forecasts

Note: As should be obvious, the statements and forecasts presented above are for illustrative and educational purposes. These estimates are not guarantees or implications of guarantees of future performance or returns.
